

# APMA-Automotive Annual Opening the door to 90% of the independent parts production in Canada to you!

APMA

# 2009

The Automotive Parts Manufacturers' Association (APMA) and DesRosiers Automotive Consultants Inc. are proud to present the *tenth* edition of the APMA Automotive Annual. DesRosiers is Canada's independent authoritative source of information in Canada. The APMA is Canada's national association representing producers of parts, components, and services for the worldwide transportation industry and together they have created an advertising tool that works for you!
